NOTICE

PEACE ENERGY COOPERATIVE IS SEEKING A RENEWABLE ENERGY SALES REPRESENTATIVE / PROJECT COORDINATOR

Peace Energy Cooperative is offering the right person a remarkable opportunity to build an exciting career in the rapidly expanding field of renewable energy. We require a renewable energy sales representative / project coordinator who will be in charge of the sales department of the cooperative. This full-time (or part-time leading to full-time) position will be supported by an active and enthusiastic board of directors and office assistant. Office space will be provided in a solar-powered demonstration building in Dawson Creek, BC. Applicants must be technically oriented, willing to learn, with good computer and communications skills, well-organized and attentive to detail. Renewable energy technical training is available. Commissions and base wage are negotiable depending on skills and experience of the applicant.

For more information call 250-782-3882
